Reap the benefits of the GST vision and get compliant with the new law. Share your details and **our experts will reach out to you in 24 hours** with the steps you need to take for your business.

## ARE

you ready for GST?

To succeed in the Indian economy of tomorrow, it is critical for your business to be GST compliant. But wait a minute...

## WHAT IS GST ?

The Goods and Services Tax (GST) is one indirect tax for the whole nation, which will lead to increased simplification of the tax levy and administration and increased transparency. This will enable wide compliance and will ultimately unify the country as a single market.

In a nutshell, the implementation of GST will bring about a significant change in the way business is done in India.

## "IS MY BUSINESS READY FOR GST?"

- This checklist will help you evaluate if your business is GST ready:
- Understand your business process in the GST scenario and recognize transactions that fall under 'Goods & Services'
- Define the change in business as per the stages of manufacturing
- Understand your logistics model - depot or branches
- Define your sales policies - schemes, discounts, returns
- Review your contracts - amendment to current Pos
- Review your suppliers - nature of goods, place of supply, contractual terms
